GENERAL INSTRUCTIONS:

Thank you for taking the time to complete this form fully. The information it contains will help CISV to plan for your welfare and will assist any medical practitioners in the event that you should require their care during travel or the programme. This form will be shared with programme staff, leaders and host families.

- Completing and having this is a condition of participation in CISV international programmes
- Please complete this form in English either by typing or by hand, using black or blue ink and in capital letters.
- This form must be completed and signed not more than 3 months before participation in the CISV International programme. You must notify CISV of any relevant changes to the information that may occur prior to the programme.
- The information in this form is confidential and must be stored securely.
- The only official text for this form is the English Edition.
- Please take the signed original of this form plus any supporting documents and one copy to the programme, and leave one copy with the sending Chapter.
- At the end of the programme, the original and all copies should be returned to either the adult participant or child participant travelling alone. In the case of a delegation, the original and all copies should be given to the leader, who should then return them to the child's parent/guardian on arrival. The sending Chapter should destroy any copy it holds within a year after the end of the programme.
- Parts A, B, C and D are to be filled out by the adult (aged 18+) participant or by the parent/legal guardian of the child participant (up to and including age 17). It is also requested that participants aged 16 and 17 review the form and sign it in Section D. Part B –
- if there are any special needs or allergies, please send the contents of the Part B page to the programme staff in advance of the programme.
- Make sure to take the filled out parts A, B, C and D with you to the doctor (physician), when going for the health check.
- Part E is the only part that must be completed by a doctor who meets with and conducts an appropriate health check on the participant.
